IAS STAFF MEETING MINUTES

26 May 1972

PRESENT:

1. [redacted] reported on the DDI Executive Council meetings he attended this week at Headquarters.

a. There were two important findings in the litigation concerning Victor Marchetti: (1) the courts of the US refused to deal in whether material should be classified or not and (2) security affidavit which everyone signs upon entering the Agency is considered a valid contract. A permanent injunction has been entered against Mr. Marchetti's publishing on US intelligence without first submitting it to CIA to insure no classified information is involved.

b. The DDI reported on his weekend in the country with the DCI and other deputy directors. The discussions were termed generally positive. Deputy directors also discussed inter-directorate mobility and motivation. The DDI indicated that rotations would be very limited between directorates.

d. Mr. Colby indicated that area familiarization trips might be extended beyond three weeks.

e. The Agency was permitted to postpone enactment of the Classification Act beyond 1 June. Agency guidelines are being drafted.

2. [redacted] reported on mission schedules.
